"Creative cards for all occasions, fun paper crafts,

delicious food gifts"--Cover. This is Book 4 in The Chosen Series but it can be read as a STANDALONE since it is Sean's story. For Mature Audiences 17+ only, please. Sean Ford has loved Lizzie O'Malley all of his adult life. Now that he is in his thirties and a successful tattoo artist, he finds himself stuck in life. He should have He could have But he didn't. Kicking himself for letting Lizzie slip through his fingers, he has to pretend that life is just peachy. His favorite past time is hiding out in his bedroom. When Aoife Flanagan arrives in Boston to do an internship with college, she is glad to have escaped the dismal life she has back in Wicklow, Ireland. As a twenty-three year old student and professional, she prefers staying in the corner at parties, hiding from everyone's attention, and sticking to the financial plan that her father outlined for her. One night... One confusing night... One amazing summer... Sean and Aoife may have been brought together by fate but to stay together means more than roses and butterflies. They must fight the world for one another. What separates them is one big ocean and one tiny question. Sink or Swim? One of the most important politics books of the year, To Obama is a record of a time when politics intersected with empathy. 'The real story of Obama's America' Sunday Times Every day, President Obama received ten thousand letters from ordinary American citizens. Every night, he read ten of them before going to bed. In To Obama, Jeanne Marie Laskas interviews President Obama, the letter-writers themselves and

the White House staff in the Office of Presidential Correspondence who were witness to the millions of pleas, rants, thank-yous and apologies that landed in the mailroom during the Obama years. At once desperate, joyful, hateful and despairing, they form an intimate portrait of one man's relationship with the American people, and of a time when empathy intersected with politics in the White House. Text for Author Bio box: Use author's bio Text for book Description box: Our hero's family has been destroyed by the Spanish Inquisition, and the woman he loved snatched from his arms. Now, Juan de Moncada is set on a savage mission of revenge. Journeying to the New World, Juan finds himself shipwrecked in the Yucatan and a captive of the Mayans. How he became the lover of a native princess and leader against a brutal attack by the Conquistadors makes this taut tale of swashbuckling adventure and passion one not to be missed. In the 1990s, many evangelical Christian organizations and church leaders began to acknowledge their long history of racism and launched efforts at becoming more inclusive of people of color. While much of this racial reconciliation movement has not directly confronted systemic racism's structural causes, there exists a smaller countermovement within evangelicalism, primarily led by women of color who are actively engaged in antiracism and social justice struggles. In Unreconciled Andrea Smith examines

these movements through a critical ethnic studies lens, evaluating the varying degrees to which evangelical communities that were founded on white supremacy have addressed racism. Drawing on evangelical publications, sermons, and organization statements, as well as ethnographic fieldwork and participation in evangelical events, Smith shows how evangelicalism is largely unable to effectively challenge white supremacy due to its reliance upon discourses of whiteness. At the same time, the work of progressive evangelical women of color not only demonstrates that evangelical Christianity can be an unexpected place in which to find theoretical critique and social justice organizing but also shows how critical ethnic studies' interventions can be applied broadly across political and religious divides outside the academy. This anthology of 19 articles documents the pain & misunderstanding that lesbian, gay, bisexual, & transgendered people have experienced in the very recent past and demonstrates the real progress, both in theory & in practice, that has been made in the struggle for equity & social justice. The articles include autobiography, testament, fiction, poetry, and traditional personal & analytic essays, from authors with different intellectual perspectives: human rights, social reform & human justice, feminist, liberationist, and queer theory. Loneliness can drive a man to madness, but Pavel Trusnik is not a normal man. After committing a crime that leaves him shunned and isolated, he has only the fading

memories of his tragically flawed life, and his one great love. When a violent sociopath sets his murderous desires upon the elderly shut-in, only an ancient order that knows Pavel's secrets can come to his aid. But for Pavel, the vicious intruder is the only company he has had in decades... Alisa Mikhailovna Kujou is Seiren Private Academy's "solitary princess." She's a half-Russian beauty with silver hair, at the top of her class, student council accountant, and...completely unapproachable. For some reason, she's also taken on the responsibility of reprimanding the slacker who sits next to her in class. Masachika Kuze is constantly frustrating her by falling asleep, forgetting his textbooks, and just being an overall unexemplary student. Or at least, that's how it looks from the outside. She may put on a tough act, but she doesn't mind Masachika as much as others would think. She even lets him call her by her nickname, Alya. Anyone hearing the comments she mutters in Russian under her breath might know how she really feels, but since none of her classmates understand the language, she's free to say whatever she likes! Except...there is one person who knows what she's saying. Masachika eavesdrops on her embarrassing revelations, pretending to be clueless, all the while wondering what her flirtatious comments actually mean! Written in the style of the 1940s, 1950s, and 1960s pulp fiction novels, a rollicking collection of novellas, including Miss Barnard's Unit in which a country bumpkin finds love with a classy debutante,

captures the passion that erupts between women who love women--and the horses they ride. Original. 15,000 first printing. Are you tired of feeling like you have to check social media to find out what you're supposed to think? Are you weary of the latest self-help books that promise to set you free but only imprison you with laundry lists of studies to consider, positive affirmations to recite, and Facebook groups to join? We've all seen the memes that populate the internet: live your truth, follow your heart, you only have one life to live. They sound nice and positive. But what if these slogans are actually lies that unhinge us from reality and leave us anxious and exhausted? Another Gospel? author Alisa Childers invites you to examine modern lies that are disguised as truths in today's culture. Everyday messages of peace, fulfillment, and empowerment swirl around social media. On the surface, they seem like sentiments of freedom and hope, but in reality they are deeply deceptive. In Live Your Truth (and Other Lies), Alisa will help you to: uncover the common lies repeated within progressive circles hold on to the soul-restoring truths that God's Word offers be empowered to live the way your Creator designed you Being the captain of your own destiny and striving to make your dreams a reality is a huge burden that you were never meant to bear. Intrigue, riches, and romance abound in this thrilling sequel to the beloved, bestselling *The Inheritance Games* *The Inheritance Games* ended with a bombshell, and now heiress Avery Grambs has to pick up the pieces and find the man who might hold the answers to all of her questions—including why Tobias Hawthorne left his entire fortune to Avery, a virtual stranger, rather than to his own daughters or grandsons. Thanks to a DNA test, Avery knows that she's not a Hawthorne by blood, but clues pile up hinting at a deeper connection to the family than she had ever imagined. As the mystery grows and the plot thickens, Grayson and Jameson, two of the enigmatic and magnetic Hawthorne grandsons, continue to pull Avery in different directions. And there are threats lurking around every corner, as adversaries emerge who will stop at nothing to see Avery out of the picture—by any means necessary. With nonstop action, aspirational jet-setting, *Knives Out*-like family intrigue, swoonworthy romance, and billions of dollars hanging in the balance, *The Hawthorne Legacy* will have you

racing through the pages. An incubus FBI agent, a billionaire witch, and someone spiking street drugs with deadly magick. Zane Walker's undercover in Chicago's deadliest drug cartel—and his magic is as dirty as the enhancers they peddle. When a beautiful witch storms in, making demands she thinks she can back up with magick, he's forced into a split-second choice... and his monster rages out. Ever Strange's father was murdered. They made it look like an overdose, but Asher Strange, world-renown med-magick researcher, would never take tawdry magick enhancers. But before she can get an autopsy, her father's body disappears... and being one of the richest witches in the city means she will get answers. Someone's putting deadly magick into street drugs... and it's killing people all over the city. Zane's magick is monstrous, and Ever's power brings out his beast. But she insists on finding her father; and keeping her safe has suddenly become his job—on top of stopping an epidemic of overdoses that just might be cover for a serial killer. Together, they work to stop the dark magick that's stalking the streets of Chicago... and try to keep their own secrets from consuming them both. Ever Strange is the first book in the paranormal romantic suspense series Legal Magick. The three books in the series follow the three Strange sisters, each powerful witches in an influential magickal family embroiled in a mysterious plot to change everything about the magickal world. Legal Magick takes place in an alternate Chicago where High Magick returned in

1859 and is now integral in every aspect of the legal—and illegal—world. Each book is a standalone romance. LUCIAN: I am a Dragon Prince of the House of Smoke... and I am dying. Five hundred years is truly enough for a man like me. A monster. Yet a ten-thousand-year treaty will die with me, if I don't spawn a dragonling to take my place. My two brothers are no use in this task. It falls to me, the eldest by a hair's breadth, and yet, I cannot face the horror of another sealing. Another death. Another woman's blood on my hands.

ARABELLA: I was saved from death in a dark Seattle alley by an impossibly beautiful man who swooped in on golden wings. Now he's taken me to his

lair, opened my eyes to a world of immortals I didn't know existed, and given me an impossible task—find him a mate. Then, and only then, will he set me free. He needs her more than he wants; she wants him more than she should; and the fate of both the mortal and immortal worlds depends on not just repairing their hearts, but finding a Love that's True... for fans of T.S. Joyce, Zoe Chant, Charlene Hartnady, and Milly Taiden. Restless Souls is the true, bone-chilling chronicle of the Manson Family murders and its aftermath, from the point of view of the victims' families. When actress Sharon Tate and four others were brutally murdered by Charles Manson and his followers, the world was shocked. More than forty years later, the gruesome barbarity of the "Manson Family" still fascinates and horrifies. This true crime memoir by Alisa Statman, a 20-year Tate family friend, and Brie Tate, the daughter of Sharon Tate's niece, includes interviews with the Tate family, accounts from personal letters, tape recordings, home movies, and private diaries. Complete with color photographs and personal insights, Restless Souls is the most revealing, riveting, and emotionally raw account of the gruesome slayings, the hunt and capture of the killers, and the behind-the-scenes drama of their trials, as well as a touching view of the torment that the victims families' have endured for years after such tragedy. Arthur Wallis offers this balanced study on fasting, and seeks to give to the subject the weight that Scripture gives it while also avoiding exaggeration and over-emphasis. This book includes a biblical index, and an appendix dealing with the textual problems surrounding four references to fasting in the New Testament. LEONIDAS I am a Dragon Prince of the House of Smoke... and I am cursed. Falling in love was never in the cards for me. An angry witch made sure of that—if I lose my heart, I

lose my life. Only now, a treaty guaranteeing peace will die with me, unless I convince some hapless human to fall in love with me and bear my child—a dragonling born of magic and a Love that's True. But I know nothing of love. Five hundred years of guarding my heart and opening my bed mean I've got zero chance at this. Yet if I fail, it won't just be my death... but countless others. ROSALYN My luck has never been good. Being a witch who can't do magic sucks on most days—it's even worse when your mother's cancer can't be cured. But I'll do whatever it takes to turn our luck around, including stealing magic healing blood from a shifter. Besides, they owe me—a hot-as-sin shifter seduced my mother, got us thrown out of the coven, and ruined my life. One of them can bleed a little to make things right. And a dragon prince with his wacky Mating Game and blood ten times more powerful? The perfect mark. My luck might just be turning good after all. He needs her to love him without losing his heart; she wants nothing to do with his kind; and the fate of the mortal and immortal worlds depends on them not just opening their hearts, but surviving a Love that's True... Reality Check is a guidebook for leveraging
competitive gaming strategy, using chess as a model,
in order to meaningfully obtain goals within
established institutional and corporate landscapes.
Drawing on her experiences as a woman in a male-
dominated field, immigrant, and lessons learned on
her path to a corporate litigator, Alisa Melekhina, Esq.
(internationally-ranked chess master) offers an
intimate insight into the thought process of a chess
master, and converts that thought process into a
framework for success. Without the typical dumbing
down of self-help books, Reality Check introduces a
sophisticated, philosophical discussion of high-level
existential questions, paired with concrete, strategic
advice. The over-arching theme of Reality Check is
awareness of our role in a given community or
"world." The chapters focus on strategies for selecting
a fulfilling community, and thriving in it by eliminating
mental impediments as they appear in different
stages of our lives -childhood influences, the junction

at which we choose a career, and decision-making -in order to optimize our present goals. The book provides validation for alternative views, while at the same time offering concrete advice on how to succeed within a chosen path. Reality Check is intended for both chess-playing and non-chess-playing audiences. The chess diagrams are used as visual aids to support the discussed principles, and the underlying chess concepts are explained in simple terms. An appendix of select annotated chess games, demonstrating key strategies in action, is available for experienced players. Readers of all skill levels will benefit from the keen psychological insight into competitive play woven throughout the book. Reviews "I didn't know what to expect when I first opened this remarkable book. I soon found out that I had entered the realm of an innovative thinker. While playing off the elements of chess in a way anyone could understand, Alisa Melekhina limns higher principles applying to business, science, art, and life itself. I read it one time to explore, a second time to understand, and a third time to learn and think some more. It's that kind of book." -Bruce Pandolfini, World-Renowned Chess Teacher and Author, author of Every Move Must Have a Purpose: Strategies from Chess for Business and Life "Drawing on her unique perspective as someone who has achieved an objective level of "mastery" in more than one field, Alisa Melekhina has produced an important expose of the absurdity of many of the "moves" that we make and the cultural/societal and

cognitive biases that all people – "players" – are subject to. Chess players and non-chess players alike will benefit from her thought-provoking insights and be able to raise their playing level in the ultimate game – life itself – if they really reflect upon her thoughts and change their strategy accordingly."

-Martin C. Glass, Corporate Partner at Jenner & Block LLP "Alisa's debut book serves as much more than a guide on how to solve efficiently and effectively problems across the various spectra of business, life, and, of course, chess; for me, it served as a reminder of the interconnected nature of earnest pursuits. I honestly can't remember the last time I read a book so densely interspersed with nuggets of timeless wisdom. A must-read for those on the journey of success-oriented life!"

-Schuster Tanger, Managing Member of Lucus Advisors LLC "Alisa's insight into what it takes to succeed at an early age will be interesting to educators, parents as well as ambitious kids themselves. Her precocious and simultaneous success in chess, academics and entrepreneurship should be especially inspiring to young people and women."

-WGM Jennifer Shahade, 2-time U.S. Women's Chess Champion, top female poker player, author of Chess Bitch An urgent exposé of the mental health crisis in our courts, jails, and prisons America has made mental illness a crime. Jails in New York, Los Angeles, and Chicago each house more people with mental illnesses than any hospital. As many as half of all people in America's jails and prisons have a

psychiatric disorder. One in four fatal police shootings involves a person with such disorders. In this revelatory book, journalist Alisa Roth goes deep inside the criminal justice system to show how and why it has become a warehouse where inmates are denied proper treatment, abused, and punished in ways that make them sicker. Through intimate stories of people in the system and those trying to fix it, Roth reveals the hidden forces behind this crisis and suggests how a fairer and more humane approach might look. Insane is a galvanizing wake-up call for criminal justice reformers and anyone concerned about the plight of our most vulnerable. This volume presents the proceedings of the International Conference on Medical and Biological Engineering held from 16 to 18 March 2017 in Sarajevo, Bosnia and Herzegovina. Though she is a singer by design, she has chosen to dance to avoid hurting the tender feelings of her birth friend. As F'lorna prepares for the Double Moon Ceremony, signifying that her Eternal Memory is now shut, storms begin to build across the lands of Rodesh and the villagers must prepare for the great change that is coming. F'lorna will discover that her purpose includes more than just song and dance. This book discusses topical issues of detailed seismic data interpretation using high-resolution seismic (HRS) techniques, which are based on the numerical method developed by the authors for solving the inverse dynamic seismic problem (IDSP). The authors highlight the range of issues related to the development and application of HRS-Geo technologies on a variety of seismic data, and analyze a significant amount of practical material in various seismic and geological conditions. This analysis allows for the accurate estimation of geological indicators in sediments that are most important for the prediction and exploration of oil and gas deposits, including lithological composition, reservoir properties, and the nature and degree of reservoir rock saturation with fluids. The book is intended for professionals involved in seismic data processing and geological interpretation, students of geophysical and geological specialties,

graduate students of these specializations. The magazine that helps career moms balance their personal and professional lives. Ayn Rand remains a truly significant figure of modern philosophy. Her unique vision of a world in which man, relying on reason, acts wholly for his own good is skillfully developed and illustrated in her most famous novels, Atlas Shrugged and The Fountainhead. But Rand's first novel, We the Living, a lesser-known but no less important book, offers an early form of the author's nascent philosophy—the philosophy Rand later called Objectivism. In the second edition, Robert Mayhew once again brings together pre-eminent scholars of Rand's writing. The edition includes three new chapters, as well as an epilogue by renowned Rand-scholar Leonard Peikoff. In part a history of We the Living, from its earliest drafts to the Italian film later based upon it, Mayhew's collection goes on to explore the enduring significance of Rand's first novel as a work both of philosophy and of literature. For Ayn Rand scholars and fans alike, this enhanced second edition is a compelling examination of a novel that set the tone for some of the most influential philosophical literature to follow. Rich with sex, fun, and friendship, "Dirty Girls on Top" returns to the winning territory of Valdes-Rodriguez's first and most popular novel, "The Dirty Girls Social Club." book is an edited collection of essays in celebration of
the centenary of Samuel Alexander's *Space, Time and
Deity*, published in 1920. Samuel Alexander
(1859-1938) was a leading figure of British philosophy
in the early twentieth century. He was partly
responsible for the 'new realism' movement along
with G.E. Moore and Bertrand Russell. However, his
work has been overlooked in developments of
twentieth century philosophy and yet his theories and
style of theorising are in vogue. This book begins with
three previously unpublished papers by Alexander
that shed light on his metaphysical commitments
about time, universals, God, knowledge of past truths,
grounding, and inference in logic and science. There
are also two important posthumous chapters by
philosophers of the mid-twentieth century, who
elaborate on his life and most significant
contributions. The second half of the book contains
new essays by current scholars, discussing Alexander
on metaphysical realism, idealism, naturalism, space
and time, process ontology, ontological categories,
epistemology, perception, philosophy of history,
emergentism, and empiricism. This book constitutes
the refereed proceedings of the 10th European
Conference on Logics in Artificial Intelligence, JELIA

2006. The 34 revised full papers and 12 revised tool description papers presented together with 3 invited talks were carefully reviewed and selected from 96 submissions. The papers cover a range of topics within the remit of the Conference, such as logic programming, description logics, non-monotonic reasoning, agent theories, automated reasoning, and machine learning. A fighter pilot on a mission to reunite with her daughter. A cyborg soldier on a quest to regain his humanity. Mortal enemies during the war, they must now work together to salvage a seventy-year-old freighter and navigate the gauntlet of pirates, scavengers, mercenaries, and other pitfalls that stand in their way after the fall of the largest empire mankind has ever known. This set includes: Book 1: Star Nomad Book 2: Honor's Flight Book 3: Starseers The previously unpublished prequel novella Last Command The short story "Starfall Station" Star Nomad was a nominee for the Goodreads Readers' Choice Awards and also made Amazon's Top 20 list of Best Science Fiction and Fantasy of 2016. Start the adventure now! After spending four years fighting for the Alliance, fighter pilot Alisa Marchenko only wants one thing: to reunite with her young daughter. But this involves a journey to her former home world, which has become the last imperial stronghold. Since the imperials have a lot of reasons to loathe members of the Alliance right now, just getting down to the planet will be a challenge, and it doesn't help that her passengers are stirring up trouble of their own... Even

if Alisa is able to land, she may find that more questions await her than answers, and that her late husband kept a startling secret from her, one that could change her life forever. Lizzie O'Malley, a 23-year-old free spirit, is on a mission to find her purpose in life. In the summer of 2000, she returns home to Boston to begin a life that she can be proud of. On her first night out on the town, tragedy strikes and she finds herself the cause of the emotional wreckage. Instead of dealing with the consequences, she loses herself in a man she met that night. Teagan Gallagher, a 22-year-old college student from Ireland, spends that same summer in Boston, working towards his degree and partying his way through the city. One night, he finds a beautiful

American girl that he is desperate to spend the summer with. Together, Teagan and Lizzie learn the ins and outs of an unconventional relationship. It isn't until their relationship is in too deep that it becomes impossible for either to run away. The Alliance has toppled the tyrannical empire. It should be a time for celebration, but not for fighter pilot Captain Alisa Marchenko. After barely surviving a crash in the final battle for freedom, she's stranded on a dustball of a planet, billions of miles from her young daughter. She has no money or resources, and there are no transports heading to Perun, her former home and the last imperial stronghold.

But she has a plan. Steal a dilapidated and malfunctioning freighter from a junkyard full of lawless savages. Slightly suicidal, but she believes she can do it. Her plan, however, does not account for the elite cyborg soldier squatting in the freighter, intending to use it for his own purposes. As an imperial soldier, he has no love for Alliance pilots. In fact, he's quite fond of killing them. Alisa has more problems than she can count, but she can't let cyborgs, savages, or ancient malfunctioning ships stand in her way. If she does, she'll never see her daughter again. Fans of Firefly and Star Wars should enjoy this fun, fast-paced new series from USA Today
